

Acme Cloud Platform — Product Specification

Overview: Acme Cloud is a managed platform-as-a-service offering autoscaling compute, managed databases, and an integrated observability suite.

Compute Tiers: The platform offers three tiers — Starter (2 vCPU, 4 GB RAM), Pro (8 vCPU, 32 GB RAM), and Enterprise (custom). Autoscaling responds to CPU utilisation thresholds configurable between 50% and 90%.

Databases: Managed PostgreSQL and Redis are available with automated daily backups retained for 30 days. Point-in-time recovery is supported on the Enterprise tier.

SLA: Acme Cloud guarantees 99.95% uptime for Pro and Enterprise tiers. Service credits of 10% are issued for each 0.1% below the SLA in a billing month.

Security & Compliance: The platform is SOC 2 Type II certified and supports data residency in the US, EU, and APAC regions. All data is encrypted at rest with AES-256 and in transit with TLS 1.3.
